Simple Friendship Card

- Trim Whisper White Thick cardstock to 5.5" x 8.5", and fold in half for card base. Use grid paper to lay green washi tape along the 1" mark from top to bottom. Trim tape even with card edges. Cut cherry/strawberry print paper to 3" x 5.5", and adhere to right side, overlapping washi tape.
- Trim white cardstock to 2.75" x 3.5". Die cut green polka-dot paper with bowl die, and adhere towards the bottom edge of the white cardstock. Trim Watermelon Wonder cardstock to 2 15/16" x 3 11/16", and adhere to white cardstock piece. Stamp greeting in Chocolate Chip ink. Stamp cherry in Watermelon Wonder ink, and stem in Pear Pizzazz ink.
- Cut 2" length of Watermelon Wonder striped ribbon, and notch end. Adhere over edge of stamped piece, using adhesive on the front and the back sides. Staple a 5" length of Whisper White Baker's Twine over the ribbon. Tie into a bow, and trim the ends.
- Adhere the stamped piece to the card front with dimensional adhesive.

Intermediate Friendship Card

- Trim Whisper White Thick cardstock to 5.5" x 8.5", and fold in half for card base. Stamp popsicle tops, sticks and highlights in Pear Pizzazz, Pool Party and Peakaboo Peach inks. (*Tip 1: Ink main popsicle image, stamp off on scratch paper first and then stamp onto card front. Stamp all stripes and highlights in the same ink, but at full strength. All popsicle sticks were stamped off first.)* (*Tip 2: The example on the left shows my first attempt at randomly placing the images, where the popsicle sticks run into each other. When deciding where to stamp the popsicles, make sure most of the outer stamped images are pointing out, with only a few inside images pointing in.)* Stamp the dot image in Watermelon Wonder ink to fill in any gaps.
- Stamp the greeting in Chocolate Chip ink, and die cut with the stitched circle die. Die cut scalloped circle from Crumb Cake Cardstock, and adhered to stamped circle. Cut a 9" length of the Peakaboo Peach ribbon, fold into thirds and adhere to back of stamped circle. Adhere to card front with dimensional adhesive. Adhere three Pool Party enamel dots to the greeting.
- Cut a 2" x 4 3/16" ink piece of the popsicle/ice cream print paper, and adhere to the bottom inside of the card. Stamp the second part of the greeting in Chocolate Chip ink, and die cut with the stitched circle die. Die cut scalloped circle from Crumb Cake Cardstock, and adhered to stamped circle. Cut 2 3/4" piece of peach ribbon, and adhere to stamped circle. Adhere circle over the patterned paper inside the card. (*Tip 3: If you need inspiration for colors and stamped images, use this patterned paper to inspire you.)

Advanced Shaker Birthday Card

- Trim thick white cardstock to 2 3/4" x 4". Die cut two popsicle images, and ice cream top image from the white cardstock piece. (*Tip 1: You can adhere them in place with paper or post-it tape.) Lay ice cream cone over ice cream top, and die cut.
- Trim a second piece of thick white cardstock to 2 3/4" x 4". Trace popsicle and ice cream dies around the outer edge. Place paper or post-it tape above the ice cream cone and popsicle stick area. This will act as a mask to sponge ink against. Use a sponge dauber to rub Crumb Cake ink lightly below the masks. (*Tip 2: As you sponge, make sure to cover the area that you traced.)
- Move the tape to cover up the sponged ink, and leave the area above exposed. Sponge the popsicles in Pool Party and Watermelon Wonder inks, and the Ice Cream in Peekaboo Peach ink. Lay the die cut piece over the sponged piece to check the fit and look.
- Cut a piece of Window Sheet to 2 3/4" x 4", and adhere to the bottom side of the die cut piece. Cover the outer edges and the lines between each die cut image with foam adhesive strips. Place a good amount of the Sprinkle embellishments. Remove the foam adhesive covers, and adhere the sponged piece to die cut piece, sponged side down.

Advanced Shaker Birthday Card (cont.)

- Trim Whisper White Thick cardstock to 5.5" x 8.5", and fold in half for card base. Trim piece of sprinkles patterned paper to 3 1/4" x 4 1/2". Adhere to card base. Place two strips of popsicle washi tape above the upper left and lower right edges of the patterned paper.
- Adhere the shaker piece to the center of the patterned paper on the card front.
- Stamp the greeting in Versamark ink onto Crumb Cake Cardstock, and heat emboss in White Embossing Powder. Trim sentiment into two narrow pieces. Adhere to the shaker piece as shown.
- Cut a piece of Crumb Cake Cardstock to 2 3/4" x 4". Stamp the greeting in Versamark ink, and heat emboss with White Embossing Powder. Adhere to the center of the inside of the card. Die cut sprinkles from Watermelon Wonder, Peekaboo Peach and Pool Party, and glue around the greeting. (*Alternate 1: If you don't want to glue the tiny die cut sprinkles, you can stamp the sprinkle image instead in different colors of ink.)
- (*Alternate 2: I thought this project would look nice on a Crumb Cake card base. Then, you could stamp the inside greeting in Crumb Cake ink onto a piece of Thick Whisper White Cardstock, and add the die cut or stamped sprinkles.)

Friendship Tag

- Die cut a Whisper White Thick cardstock using the banner die. Adhere a piece of the red stripe washi tape along the top edge. Either fold the edges over to the back side, or trim even with the edges of the tag. Stamp the greeting in Pool Party ink along the left edge of the tag.
- Die cut the ice cream cone from Crumb Cake Cardstock. Die cut three ice cream scoops from Watercolor Paper. Color each scoop using Aqua Painters and Peekaboo Peach, Pear Pizzazz and Watermelon Wonder inks. Die cut topping from Chocolate Chip Cardstock, and adhere to the red scoop. (*Alternate 1: You could also die cut the topping from Watercolor Paper, and color with Chocolate Chip ink to further the watercolor look.)
- Adhere the ice cream cone to the tag first, then the peach, pear and watermelon ice cream scoops.
- Punch a hole in the tag using the 1/8" handheld circle punch. Cut a 7" piece of Whisper White Baker's Twine through the tag, knot the ends and trim. (*Tip 1: This tag would look cute tied to any of our kraft or glassine gift bags.)
